Universities and employers look for the star competencies below

Fill in the boxes underneath to illustrate how you've developed these competencies. Your entries are saved automatically.

Examples of what you may want to write:

➔ Independence e.g. Independent academic work

When have you had to work on your own to achieve something?

"I decided to do an Extended Project Qualification (EPQ), to develop my ability to work independently, and to grow my interests in English Literature. I examined how Coleridge's and Byron's works 'Kubla Khan' and 'Don Juan' respectively contribute to our understanding of the 'Romantic' movement in literature and the arts. These are two of my favourite works by two of my favourite authors, so it was easy for me to immerse myself in studying the poems. One thing I particularly enjoyed was the space I had to read around the subject - as well as the primary texts, I studied how these works were received by the authors' contemporaries. To source material I travelled on my own to a nearby town to a specialist library."

➔ Leadership e.g. Duke of Edinburgh

➔ Teamworking e.g. Sports

➔ Resilience e.g. Volunteering

➔ Analysis e.g. Coping with a personal problem

You might get [extra money](#) on top of this, for example if you're on a low income, are disabled or have children.

#### Before you apply

You start repaying once you earn over a certain amount. The size of your monthly repayments will depend on how much you earn, not what you owe.

You'll be charged interest on the loan from the day you take it out. The terms and conditions can change.
