## 1. Aims

The school aims to:

- Run an ECT induction programme that meets all the statutory requirements
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Ensure all staff understand their role in the induction programme

## 2. Legislation and statutory guidance

This policy is based on:

- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- [Early career framework - GOV.UK \(www.gov.uk\)](#)
- [Early career teachers | Ambition Institute](#)
- [Early Career Framework ECF - Early Career Development Programme | Best Practice Network](#)

The 'relevant standards' referred to below are the [Teachers' Standards](#).

## 3. The induction programme

For a full-time ECT, the induction programme will typically last for two academic years. Part-time ECTs will serve a full-time equivalent.

The programme is quality assured by Rainbow teaching hub, our 'appropriate body'.

We follow the Ambition institutes Early Career Framework programme which provides ECTs and subject mentors high quality support and professional development over a two-year period.

The Ambition Institute provides a blended learning experience designed to fit in with the busy lives of teachers. This includes:

Face-to-face training  
Virtual peer learning groups  
Expert-led webinars  
Weekly video tutorials

### 3.1 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed professional and subject mentor, who will have qualified teacher status (QTS)
- ECT1s will have weekly meetings with mentors
- ECT2s will have 20 hours meeting time spread across the year.
- Have a reduced timetable to allow them to undertake activities in their induction programme, with no more than 90% for ECT 1 and 95% for ECT2 of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis
- Access to the Ambition Institute programme.

### 3.2 Support for ECTs

We support ECTs with:

- Their designated Subject and Professional mentor, who will provide day-to-day monitoring and support, and co-ordinate their assessments.
- Regular meetings with mentors (ECT1 – Weekly, ECT2 – 20 hours across the year)
- Professional development through the Ambition Institute Early Careers programme
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly, at which we will review their objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice

### 3.3 Assessments of ECT performance

Formal assessment meetings will take place termly, carried out by the Subject and Professional mentor.

These meetings will be informed by clear and transparent evidence gathered during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After these meetings, formal assessment reports will be completed that clearly show how the ECT is performing against the relevant standards.

At the end of the programme, ECTs will take part in a final formal assessment meeting. The outcomes of this meeting will be used by the Principal to decide whether the ECT's performance is satisfactory against the relevant standards. The decision will be written up in a final assessment form.

The ECT can add their own comments to this final form.

The form will then be sent to the appropriate body, who will make the final decision on whether the ECT has passed their induction period.

### **3.4 At-risk procedures**

If it becomes clear the ECT is not making sufficient progress, additional monitoring and support measures must be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance
- An effective support programme is put in place to help the ECT improve their performance

If there are still concerns about the ECT's progress at their next formal assessment, so long as it is not the final assessment, the Principal will discuss this with the ECT, updating objectives as necessary and giving details of the improvement plan for the next assessment period.

## **4. Roles and responsibilities**

### **4.1 Role of the ECT**

The ECT will:

- Provide evidence that they have QTS and are eligible to start induction

- Raise these with their Professional mentor as soon as they can
- Consult with their contact at the appropriate body at an early stage if there are difficulties in resolving issues with their mentors or within the school
